## Convenient

The FD 1500 Plus offers a user-friendly low-volume solution for processing one-piece pressure-sensitive mailers. Its integrated output conveyor keeps processed forms in a neat, sequential order. The compact desktop design and ease of set-up and operation make this unit ideal for processing documents in an office environment with low-volume applications.

Integrated Output Conveyor

A processing speed of up to 5,200 forms per hour and the capability of processing 14" forms enable operators to complete daily jobs with ease.

## Flexible

The FD 1500 plus handles a variety of even panel forms up to 8.5" x 14" including checks, invoices, school reports, tax forms and appointment notices. Pressure seal mailers can be used for virtually any application that can be printed on one form. An extended fold plate processes uneven panel forms up to 8.5" x 14".

## Easy to Operate

The FD 1500 Plus is designed for user friendly operation. Simply set your folda according to the clearly marked settings on the fold plates, load your forms using the drop-in feed system, press start and you're on your way. The FD 1500 Plus has LED indicators for power on, fault detection, paper out and cover open. It also includes a six-digit counter for audit control and an integrated output conveyor.
